PRECISION

# REIMAGINING POWER FOR EVERY PLACE

Ola Shakti keeps the power flowing through outages, appliance spikes, or everyday use, be it home or at work.

The moment power drops, Ola Shakti steps in, switching over in a flash.

- **Runs ACs, washing machines, geysers, induction cooktops - not just lights and fans**
- **Zero noise. Zero fumes. Zero maintenance.**
- **Quick to install, easy to forget, until you need it**

Not just a backup.

Ola Shakti is dependable power, for homes, shops, and Offices.

# BUILT FOR INDIA'S ENERGY NEEDS

## **Highly Reliable**

Powered by Ola's in-house Bharat Cell with inbuilt safety protections.

## **Economical**

Energy cost of ~₹9/kWh vs ~₹13 for lead-acid and ₹20–25 for diesel. The savings over time pay for Ola Shakti itself.

## **Instant Power Switchover**

Instant takeover during outages. Keeps ACs, computers and fridges running with low interruption.

## **Compact. 8+ Year Life. Zero Maintenance.**

Just 0.32 sqm footprint, 3.75x smaller than lead-acid setups. No water top-ups, no terminal cleaning. Install and forget.

## EXPLORE OUR PRODUCT RANGE

**4.6 kWh** (90Ah, 51.2V)

BATTERY CAPACITY

**3.750 kVA**

POWER

**9.2 kWh** (180Ah, 51.2V)

BATTERY CAPACITY

**7.5 kVA**

POWER

NO MESSY WIRES. NO MAINTENANCE.  
NO CONTEST.

# POWER FOR EVERY NEED

**From essential loads to full-home backup, there's an Ola Shakti built for every home.**

## **3.750 kVA / 4.6 kWh**

₹1,49,999 Ideal for 1-2 BHK homes or independent houses with average monthly consumption under 450 units. Powers AC + fans, lights, fridge, router, TV.

## **7.5 kVA / 9.2 kWh**

₹2,49,999 Ideal for 2-3BHK homes with multiple ACs and high power needs with average monthly consumption over 500 units. Powers AC + fans, lights, fridge, router, TV.

# ENERGY ON DEMAND - ALL WITH ONE APP

**Alerts and display, built for clarity. The Shakti system lets you stay informed anytime, anywhere with live display of State of Charge (SOC), daily energy consumption, and instant online/offline alerts, right on your phone.**

## **Energy Insights and Health Check**

Monitor real-time energy use from grid to Ola Shakti. Alerts like over voltage or high temp on unusual power patterns.

## **Multiple Modes for Every Need**

Switch between modes to match your power needs, from everyday use to high-load performance. OTA updates keep your system improving.

# INTELLIGENT, THOUGHTFUL AND CONTEMPORARY DESIGN

**Three stunning finishes- Anthracite, Copper and Silver.  
Inspired by India's elemental heritage.**

**OLA**
